

# INNOVATIVE ENGLISH LEARNING

## Everybody . Can . Learn

**by** BANY

*YOUR LANGUAGE COACH*

Everyone learns differently...and that's okay!  
At Innovative English Learning, we build confidence.  
You can do this, and I'll be with you every step of the way.

### ABOUT ME

## LANGUAGE COACH

I'm proudly a **non-native English teacher** with over 10 years of experience in international, multilingual classrooms.

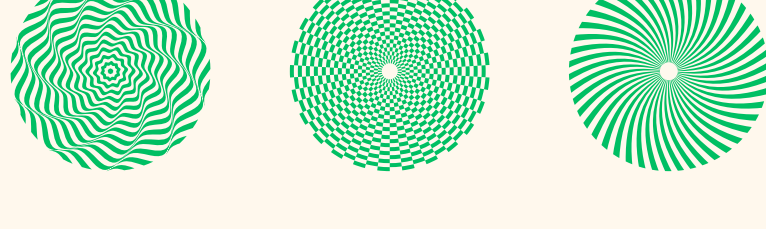

Why proudly? Because I know what learning English really feels like. I've been stuck on the infamous intermediate plateau, and I've fought my way through it. I know how frustrating it can be, and I also know how to help you move beyond it.

I've experienced the joy of becoming fluent, of connecting across cultures, and of unlocking new worlds through language. (I even taught myself Turkish!)

I'm a **CELTA-certified teacher** with an **International Teaching Qualification**, and I hold a **Master's degree in Educational Studies** from KU Leuven.

I believe everyone can learn, with **the right support**, **the right approach**, and **the right mindset**.

I'm here to help you **unlock** the doors you once thought were closed!

But teaching is not the only thing I do! I am a researcher, writer, and Eu-project contributor too.

### BUSINESS ENGLISH

**Communicate Clearly. Lead Confidently.**

Do you ever feel like your ideas are more sophisticated than your presentations?  
Or maybe you're unsure how to express disagreement or frustration without sounding too blunt in English?

My Business English coaching is here to help you master the language of the workplace, with all its subtle tones, cultural cues, and professional expectations.  
Whether you're preparing for a meeting, writing a report, or collaborating with international colleagues, we'll work together to build not just a strong foundation, but also the confidence to speak spontaneously and professionally.

**Busy Schedule? No Problem.**

I know your time is limited. Between slides, reports, and your family, it's not easy to squeeze in a full lesson.  
That's why I offer flexible online sessions, starting from just 30 minutes. Perfect for a quick skill boost before an important call or to stay consistent with your learning.

#### Who This Is For:

- Professionals working in international companies
- New expats in Belgium adjusting to the local work culture
- Team leaders and managers aiming to improve their English communication at work
- Job seekers preparing for interviews or onboarding in English

Wherever you are in your career, **you don't have to figure it out alone**.  
You can count on me to help you speak, write, and lead in English, with clarity and confidence.

### IELTS

As a **KU Leuven graduate** who successfully completed a demanding international program, and as someone who scored **8.5 in IELTS Academic**, I know exactly what you're going through and what you need.

If you're planning to study abroad, apply for academic programs, or move to an English-speaking country, your IELTS score matters, and so do your academic skills.  
I'm here to help you build both.

Many students feel overwhelmed by the IELTS writing or speaking test.

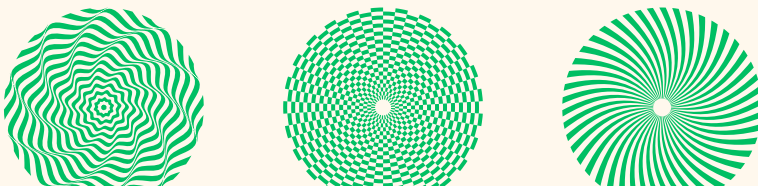

**I've been there.**

But with the right strategies, daily practice, and clear feedback, it doesn't have to be scary.

**Together, we'll work on:**

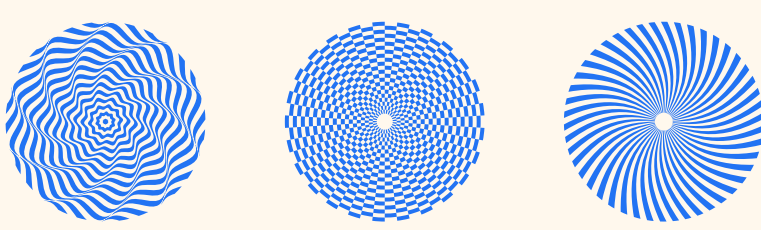

- Building your academic vocabulary and writing structure
- Improving fluency and confidence in speaking
- Practicing real IELTS questions with feedback
- Learning time management and test techniques

Whether you're aiming for Band 7+, applying to a university, or just want to feel ready and calm, **I'll support you step by step**.
